#### Selling Points:

Critically acclaimed author Hena Khan joins Newbery Honor-winning Adam Gidwitz as co-author of the newest adventure in the New York Times bestselling Unicorn Rescue Society series, taking readers to the Himalayan mountains in Northern Pakistan.

#### Description:

When Uchenna and Elliot's classmate Pai Lu publishes an article in the school newspaper about the Schmoke Brothers' latest scheme, Professor Fauna notices something alarming - mounted on the wall of the Schmokes' living room is a single spiral horn that could only belong to one animal - a unicorn. Determined to stop the Schmoke Brothers from potentially poaching more creatures, the Unicorn Rescue Society is headed to Pakistan, where their next adventure is about to begin.
