#### Description:

Gathered together, and presented chronologically these striking covers tell the story of a moment in time when art and photography, music, and dance changed the world. We see a rapid evolution, from the early days when Disco's roots were firmly planted in Soul, Latin, and Jazz, all the way to the digital revolution of the 1980s. Like fleeting moments caught in the strobe, these covers vibrantly capture our takes on fashion and beauty, wealth and status, sex, race, and even God. As the hair gets bigger, bell bottoms wider, and platform shoes steeper, the vibrancy and energy of this moment in music history is brought back to vivid life. Accompanied by insightful, spirited descriptions that showcase the evolving trends in photography, illustration, and design, *To Disco, with Love* charts the history of the music and the industry during its groovy heyday. So dust off that record player, start moving those hips, and remember the days when the beat went on and on.
